

**The Firefighters' Hymn**  
*(Tune: Beach Spring)*

Thank you for your great protection  
Thank you God for answered prayer  
As we strive to do our duty  
May we serve with constant care.  
When we go to fight each fire  
And each rescue on the way  
Let us never tire of serving  
Be it night or be it day.

On the streets and in the byways  
Guide our steps, O Lord, each day  
Give each one your strength and courage  
Answering calls that come our way.  
When we sometimes are discouraged  
Help us keep our thoughts on you  
May you never leave us helpless  
May you always see us through

Thank you for the crews we serve with  
Sharing valour, sharing fears  
Help us to support each other  
As we strap upon our gear.  
May you bless each family present  
Give protection, hold them near  
May community be strengthened  
By each life that we hold dear.

*(Adapted from a poem by Kay Cutmore)*
